PROFILE

I am a Frontend Developer with 5 years of experience, focused on building intuitive, user-friendly web applications using Angular and modern web technologies. I enjoy learning and improving my skills, tackling challenges step by step, and creating responsive, accessible interfaces. A collaborative team player, I like working in dynamic environments, sharing ideas, and contributing to a positive and productive team atmosphere. My goal is to write clean, maintainable code that supports both the project's quality and the user experience.
